

The annual IEEE International Symposium on Personal, Indoor and Mobile Radio Communications (PIMRC) is one of the premier conferences in the wireless research arena and has a long history of bringing together academia, industry and regulatory bodies. This year the conference will take place from September 2-5 in Capital Hilton, Washington DC. Today, PIMRC has become one of the IEEE Communications Society's flagship conferences in wireless networking that has gone to many countries including USA, Canada, Netherlands, France, UK, Japan, Taiwan, China, Greece, Germany, Portugal, Finland, France, Turkey, and Canada. It is expected that 800 delegates from Europe, North America, Australia and Far East will attend the conference this year.

Every year a number of organizations become sponsor of the PIMRC. Your conference sponsorship represents significant benefits as it enables you to promote your organization among an international group of influential thought leaders in the field of Communications, while capitalizing on the conference's independence and reputable brand.
